

Moscow International Congress dedicated to the 110th anniversary of Alexander Romanovich Luria's birth

Program

29.11.2012

Thursday

Psychology Department of Lomonosov Moscow State University, Mokhovaya st. 11/9
9.30 -18.00 *Registration*

Psychology Department of Lomonosov Moscow State University, B.Nikitskaya st., 4.
Great psychological hall

11.00 - 11.30. Opening ceremony

11.30- 14.00 Plenary session №1

14.00- 15.00 Lunch

15.00- 17.30 Plenary session №2

18.30- 20.30 Dinner

11.00 - 11.30. Opening ceremony

Greetings:

Sadovnichy V. - member of Russian Academy of sciences, Rector of Lomonosov Moscow State University – (president of the Congress).

Zinchenko Yu. - member-correspondent of Russian Academy of education, dean of the Psychology Department of Lomonosov Moscow State University – (chair of the Program Committee).

Karabanova O. - professor, vice-dean of the Psychology Department of Lomonosov Moscow State University – (chair of the Organizing Committee).

Quintino-Aires J. - President of Vygotsky Institute in Lisbon (Portugal).

Bratus' B. member-correspondent of Russian Academy of education, professor, chair of the section of general psychology.

Tkhostov A. - professor, chair of the section of neuro-and pathopsychology.

11.30 - 14.00 Plenary session №1

Moderators: *Asmolov A. (Russia), Zinchenko Yu. (Russia), León-Carrión J. (Spain), Quintino-Aires J. (Portugal), Tkhostov A. (Russia), Shklovsky V. (Russia).*

1. Zinchenko Yu. (Moscow) Possibility to use postnonclassical methodology in clinical psychology.
2. Zhdan A. (Moscow) A.R. Luria: scientist's biography and history of Soviet psychology.
3. Asmolov A. (Moscow) A.R. Luria: 100 years dialogue.
4. Shklovsky V. (Moscow). Time and epoch of A.R. Luria.
5. Ivannikov V. (Moscow). A.R. Luria and general psychology.
6. Mikadze Yu. (Moscow) Neuropsychological school of A.R. Luria: achievements, perspectives, problems.
7. Sobkin V. (Moscow) Encoding of meaning and acting psycho.

Time of presentation – 20 min.

15.00- 17.30 Plenary session №2

Moderators: *Andreeva G. (Russia), Glozman Zh. (Russia), Korsakova N. (Russia), Mikadze Yu. (Russia), Paçhalska M. (Poland), Tsvetkova L. (Russia).*

1. Tkhostov A. (Moscow) Perspectives of development of cultural-historical approach in clinical psychology.
2. Andreeva G. (Moscow) Luria's ideas in contemporary psychology of social cognition
3. Tsvetkova L. (Moscow) Theoretical and methodological approaches to reeducation of higher mental functions
4. León-Carrión J., Dominguez-Morales M., León-Dominguez U. (Sevilla, Spain) Synchronization between the anterior and posterior cerebral cortex as a diagnostic marker for consciousness level.
5. Korsakova N. (Moscow) The role of Luria's theory of three functional units of the brain in the contemporary development of neuropsychology.
6. Brown J. (New-York, USA), Paçhalska M. (Cracow, Poland) The nature of the symptom: a neuropsychological perspective.
7. Subbotsky E. (Lancaster, UK) Vygotsky-Luria's account of "Conscious Action" and current studies on Executive Function. (**video-presentation**)

Time of presentation– 20 min

18.30 - 20.30 Dinner

30.11.2012 - 1.12.2012

Psychology Department of Lomonosov Moscow State University, Mokhovaya st. 11/9

30.11.2012

Friday

Psychology Department of Lomonosov Moscow State University, Mokhovaya st. 11/9

9.00 - 18.00 Registration

9.00 - 11.00 Sections

11.00- 11.30 Coffee break

11.30- 13.30 Sections

13.30- 14.30 Lunch

14.30- 16.30 Sections

16.30 –17.00 Coffee break

17.00 -19.00 Sections, Round table, Tele-bridge.

30.11.2012

Conference "A.R. Luria and the development of the world psychological science"

9.00 – 11.00 Room. 215.

Section 1. Luria's ideas for actual tasks of contemporary psychology.

Moderators: *Asmolov A. (Russia), Ivannikov V. (Russia), Shlyagina E. (Russia).*

Oral presentations:

1. Zinchenko Yu., Pervichko E. (Moscow) Methodology of Syndrome Analysis by L. S. Vygotsky and A.R. Luria and Post-Non-Classical Rationality.
2. Kabardov M., Bauer E. (Moscow) Individual typical features in mastering the foreign language in the migration conditions.
3. Mazilov V. (Yaroslavl, Russia) A.R. Luria as a methodologist psychology at the turn of 1920-1930 years.

4. Kalmykova L. (Pereyaslav-Khmelnyskyi, Ukraine) Motive-concept in psycholinguistics of A.R. Luria.
5. Kharchenko N. (Pereyaslav-Khmelnyskyi, Ukraine) Problem of speech understanding in a scientific heritage of A.R. Luria.

Posters:

1. Klyachkina N. (Samara, Russia) Psychotherapists and psychoanalysts of Kazan at a turn of XIX-XX centuries.
2. Popov L., Ibragimova E. (Kazan', Russia) A.R. Luria's traditions in contemporary "realistic psychology".

30 November, 11.30 – 13.30 Room 215.

Section 2. Luria's ideas in contemporary psychological studies

Moderators: *Bratus' B. (Russia), Vasilyev I. (Russia), Kornilova T. (Russia).*

Oral presentations:

1. Scarausi V., Terra B., Sanches J., Lourenço C., Rossi M. (São Paulo, Brazil) Historical-cultural development of the generalization and abstraction functions: a comparison between a literate and an illiterate person.
2. Bardyshevskaya M., Kurilova E. (Moscow) The development of individual preferences in children reared in different forms of substitutive care.
3. Vinogradskaya A. (Moscow) The conflicts in modern dialogues in the light of A.R. Luria's «conflict» theory.
4. Nikolayko Y. (Moscow) Verification of information reliability using the method of psychosemantic analysis.
5. Pizhikova Z. (Samara) Connection of conscious and unconscious components in the system of axiological personality orientations.
6. Cheremoshkina L. (Moscow) About the reasons of efficiency decreasing of cyber — players' memory.

Posters:

1. Zaikin V. (Moscow) Meta-analysis of structures correlates of moral functioning in the human brain.
2. Zelenkova T. (Orekhovo-Zuevo) Psycholinguistic specifics of verbal creativity of preschool and primary school-aged children.
3. Salikhova N. (Kazan) Representation of barriers and resources in realization of values in the world model.
4. Tsvetkov A. (Moscow) About levels of sign and symbolic regulation of activity.
5. Chorayan O., Chorayan I. (Rostov-on-Don) Peculiarities of associative ranks organization for different lexicon stimuli and the intelligent levels of individuals.
6. Ivanov M.V., Bagrationy K.A. (Moscow) Space perception as a higher mental function (ethno-cultural aspect)

Meeting of Presidium of Council for psychology of UMO for classical university education

30 November, 11.30 – 13.30 Room 102.

Tkhostov INC. About A.R.Luria traditions in the formation of clinical psychologists.

Berebin M. A. About problems of staffing in preparation of clinical psychologists: internal (intramural and extramural) and post-graduated forms of education.

Tvorogova N. D., Shaboltas A.V. About licensing of the educational institutions which are engaged in preparation of clinical psychologists.

Round table 1: « "The contribution of A.R. Luria in the development of educational theory and psychology of development».

30 November,

17.00 – 19.00, Room 303.

Moderators: *Karabanova O. (Russia), Podol'skij A. (Russia).*

Performances: Talyzina N. (Moscow), Il'jasov I. (Moscow), Salmina N. (Moscow), Prjazhnikov N. (Moscow), Lidars A. (Moscow), Rozhdestvenskaja N. (Moscow), Volodarskaja I. (Moscow), Burmenskaja G. (Moscow), Zaharova E. (Moscow), Gordeeva T. (Moscow), Frolov Ju. (Moscow), Churbanova S. (Moscow), Chesnokova O. (Moscow), Sadovnikova T. (Moscow), Molchanov S. (Moscow), Poskrebysheva N. (Moscow), Pogozhina I. (Moscow).

Conference “A.R. Luria and the modern neuropsychology”

Section 3. Actual problems of clinical neuropsychology.

30 November, Section 3, Meeting 1.

9.00 - 11.00, Room 216.

Moderators: *Liutsko L. (Spain), Mikadze Yu. (Russia), Shklovsky V. (Russia).*

Oral presentations::

1. Buklina S. (Moscow) Cognitive impairment with lesion of different segments of brain stem.
2. Pačalska M. (Cracow, Poland) The nature of consciousness: a neuropsychological perspective.
3. Grigoryeva V., Nesterova V. (Nizhniy Novgorod) Limb apraxia in the ischemic stroke patients.
4. Kozintseva E., Mikadze Yu., Skvortsov A., Vlasova (Zaykova) A., Ivanova M. (Moscow) Teleological approach to the analysis of writing disorders due to organic brain damage.
5. Shipkova K. (Moscow) The influence of the left brain damage on functional asymmetry of human brain.
6. Solenkova A., Bondarenko A., Lubnin A. (Moscow) The impact of general anesthesia on cognitive functions of patients after spinal cord surgeries.
7. Lukyanchikova Zh. (Moscow) Neuropsychological approach to problems of gift.

30 November, Section 3, Meeting 2.

11.30 - 13-30, Room 216.

Moderators: *Krotkova O. (Russia), Pačalska M. (Poland).*

Oral presentations:

1. Pačalska M. (Cracow, Poland), Kropotov Yu. (Saint-Petersburg, Russia) Evaluation of differentiated neurotherapy programs for a patient after severe TBI and long term coma using event-related potentials.
2. Khrakovskaya M. (Saint-Petersburg) On neuropsychological diagnostic of a defect and selection of rehabilitation methods.
3. Tsvetkova L., Tsvetkov A. (Moscow) New approach to neuropsychological rehabilitation in patients with brain disorders
4. Lazarus Th. (Durban, South Africa). Neuro-perceptual recovery after encephalitis: a case study.

5. Vishneva A. (Moscow) Characteristics of coping strategies in patients with speech disorders.
6. Ivanova M., Kuptsova S., Dragoy O., Ulicheva A., Petrova L., Laurinavichute A., Akhutina T. (Moscow) Relationship between memory and attention in healthy controls and individuals with nonfluent aphasia.
7. Vlasova R. (Moscow) Integration of classical neuropsychology and neuroimaging methods.

30 November, Section 3, Meeting 3.

14.30 - 16-30, Room 216.

Moderators: *Khrakovskaya M. (Saint-Petersburg), Lazarus Th. (South Africa).*

Oral presentations:

1. Tous-Ral J.M., Liutsko L. (Barcelona, Spain) Quantified differences in hand drawing precision from exteroceptive (visual) and proprioceptive versus proprioceptive feedback only.
2. Lazarus J., Lazarus G., Emory E. (Atlanta, USA), Lazarus Th., (Durban, South Africa) Neurological and neuropsychiatric disorders: traumatic brain injury.
3. Emelyanova M., Skvortsov A., Vlasova (Zaykova) A., Senuschenkov S., Korjagin K., Yudin E. (Moscow) Perspectives on development of apraxia diagnosis in Russian neuropsychology.
4. Litvinova G. (Petropavlovsk-Kamchatsky) Diagnostic and prognostic options of neuropsychological techniques in the work of a speech therapist.
5. Sozinova E. (Moscow) Psychomotor profile of patients with Parkinson's disease: severity of symptoms and their self-appraisal.
6. Khokhlov N., Kovyazina M. (Moscow) Problem of application and explanation of neuropsychological tests to identify functional brain asymmetry.

Posters:

1. Zúñiga W. (Santiago de Cali, Colombia) Finding the factor: a conceptual review of A. R. Luria's selected writings.
2. Zúñiga W. (Santiago de Cali, Colombia) "Синдромный анализ": The magnificent invitation of A. R. Luria.
3. Lysenko E., Mikadze Yu, Shakhnovich A., Abuzaid S. (Moscow) The study of hemispheric differences in the solution of cognitive tasks by Doppler ultrasound.

Section 4. Developmental neuropsychology.

30 November, Section 4, Meeting 1.

14.30 - 16-30, Room 215.

Moderators: *Glozman Zh. (Russia), Bastun N. (Ukraine).*

Oral presentations:

1. Wasserman L., Cherednikova T., (St. Petersburg) Actual problems of contemporary developmental neuropsychology.
2. Bastun N. (Kiev, Ukraine) Neuropsychological approach for diagnosing of reasons of learning problems of junior schoolchildren.
3. Budai N., Karimulina E. (Moscow) Norm and pathology in child neuropsychology: the relevance of the problem.
4. Glozman J. (Moscow), Marzocchi G. (Milan, Italy), Kurdukova S. (Moscow) Converging impressions of Russian and Italian neuropsychology in ADHD study.

5. Ivanova I., Sultanova A. (Moscow) Neuropsychological analysis of features of mental development in children with consequences of hypoxic perinatal pathology of nervous system.
6. Lissan L. (Saint-Petersburg) Biological factors for neurocognitive dysontogenesis in case of congenital local brain lesion.
7. Molin A., Novikov A. (Veliky Novgorod, Russia) Neuropsychological study of children suffering Impaired Mental Function (IMF).
8. Soboleva A. (Moscow) The influence of play remediation on the higher mental functions development in primary school children with behavior and learning disorders.

Section 7. Memorial meeting, dedicated to 85-anniversary from V.V. Lebedinsky's birth

Moderators: *Bardyshevskaya M.K. (Russia), Pechnikova L.S. (Russia).*

30 November.

17.00-19.00, Room 216.

Oral presentations:

1. Pechnikova L. (Moscow) Fundamental principles of the structural functional model of dysontogenesis by V.V. Lebedinsky.
2. Bardyshevskaya M. (Moscow) Model of levels in development of affective behavior complexes.
4. Koren' E., Kupriyanova T. (Moscow) Family challenge as a practical measure of the psychosocial rehabilitation of mentally disorders children and teenagers.
5. Burmenskaya G. (Moscow) Problem of abnormal development for a consulting psychologist.
6. Maksimenko M. (Moscow) Psychological support for children with developmental disorders in the integrative school.

The panelists: Agranovich Z., Alekseeva A., Arina G., Baenskaja E., Balashova E., Brin I., Burlakova N., Varga A., Danilova L., Drobinskaja A., Dunajkin M., Zareckij V., Il'ina M., Kovalenko Ju., Kovjazina M., Korsakova N.K., Kosolapova D.S., Makarova K.V., Marchenko A., Mihajlova Ju., Morozov S., Nikol'skaja I., Nikol'skaja O., Prihozhan A., Rozenbljum S., Ryzhov A., Tolstyh N., Trajnina E., Turovskaja N., Cygankova N., Chuprova M., Shevchenko Ju., Shejnkman O., Welkova O.

Viktor Lebedinskiy - Teacher. Scientist. Collector

Performances: Baenskaja E., Bardyshevskaja M., Burlakova N., Korsakova N., Morozov S., Nikolaeva V., Nikol'skaja O., Pechnikova L., Prihozhan A., Puzyrej A., Ryzhov A., Sokolova E., Spivakovskaja A., Tatarova I., Tolstyh N.

Tele-bridge.

30 November.

17.00-19.00, Room 215.

Moderators: *Asmolov A. (Russia), Tkhostov A. (Russia), Zinchenko Yu. (Russia).*

General topics:

- Zinchenko V. (Moscow) A.R. Luria - from psychology to neuropsychology.
- Puente A. (Wilmington, USA) The Cultural in Cross Cultural Neuropsychology
- Goldberg E. (New York, USA) From Neuropsychology to Cognitive Neuroscience.
- Cole M. (San Diego, USA) An Apprenticeship in Romantic Science.

1.12.2012

Saturday

Psychology Department of Lomonosov Moscow State University, Mokhovaya st. 11/9

9.00 - 11.00 Sections

11.00 - 11.30 Coffee break

11.30 - 13.30 Sections

13.30- 14.30 Lunch

14.30- 16.30 Sections, Round table

16.30 –17.00 Closing ceremony. Film about A.R. Luria

17.00 – 17.30 Musical concert

Section 4. Developmental neuropsychology.

1 December. Section 4, Meeting 2,

9.00 – 11.00, Room 215.

Moderators: Troitskaya L. (Russia), Zvereva N. (Russia).

Oral presentations:

1. Sultanova A. (Moscow) Features of development of higher mental functions in preschool children with mild visual impairment.
2. Kupriyanchuk M., Suslova E., Savkina O. (Moscow) Influence of high level of anxiety on neuropsychological performance in primary school pupils.
3. Gusakova M. (Odessa, Ukraine) The genesis of a self-regulation of a child's motor activity during SMC (senso-motor correction).
4. Zapunidi A., Shalina O. (Moscow) Motor functions in children with bone tumors.
5. Filatova Yu., Belyakova L. (Moscow) Nonverbal rhythm at primary school age children with speech and language disorders.
6. Cheremushkin E., Petrenko N. (Moscow) Psychophysiological features of the angry face identification in preschool and early school age.

1 December. Section 4, Meeting 3,

11.30 – 13.30, Room 215.

Moderators: Akhutina T. (Russia), Machinskaya R. (Russia).

Oral presentations:

1. Semenova O., Machinskaya R. (Moscow) The relationship between information and regulatory components of cognitive functions in typically developing children of 5, 6, 7-8, and 9-10 years old.
2. Dikaya L., Pokyl E. (Rostov-on-Don, Russia) Features of brain cortex functional organization during cognitive activity in general gifted senior pupils.
3. Karimulina E., Tulparhanova M. (Moscow) Modal-specific memory in primary school children with learning disabilities.
4. Voronova M., Korneev A. (Moscow) Longitudinal study of the development of higher mental functions in children 7-9 years.
5. Kuzeva O., Romanova A. (Moscow) The development of the serial organization of movements and actions in children with typical development and with learning disabilities.
6. Bykova V., Lvova E. (Moscow) Profiles of psychological rehabilitation in children with conscious disturbances after severe TBI.
7. Kolmakova N. (Abakan, Russia) The peculiarities of higher psychological functions of primary school pupils living in rural areas.

1 December. Section 4, Meeting 4,

13.45 – 14.30, Room 215.

Moderators: Akhutina T. (Russia), Fotekova T. (Russia)

Posters:

1. Agris A. (Moscow) Variants of deficit of activation components in primary school children with learning disabilities.
2. Zasyapkina K. (Moscow) How pre-school children understand and describe pretend play and realistic situation images.
3. Turevskaya R. (Moscow) A psychological support system approach to orphans with the mental retardation.
4. Fotekova T. (Abakan, Russia) Family factors' influence on the development of schoolchildren's higher mental functions.
5. Kamardina I., Matveeva E. (Moscow) Diagnostics of visual-spatial functions in constructing activity.
6. Korneev A., Kuzeva O. (Moscow) Characteristics of the rhythmic tapping in primary school children with normal development and learning disabilities.
7. Romanova A., Makarova K., Akhutina T. (Moscow) Dynamics of development of visual-spatial functions in 5-8 years old children.
8. Statnikov A.I., Fetiskina B.S. (Moscow) Understanding of logical-grammatical constructions: hierarchy of complexity.
9. Vinnikova S.M. (Moscow) Neuropsychological help to pupils with problems in maths.

Section 5. Neuropsychology in psychiatry and psycho-somatic clinic.

1 December. Section 5, Meeting 1,

9.00 – 11.00, Room 216.

Moderators: Kholmogorova A. (Russia), Pervichko E. (Russia).

Oral presentations:

1. Zvereva N., Khromov A. (Moscow) Age dynamics of cognitive deficits in children and adolescents with schizophrenia spectrum disorders.
2. Karahanyan K. (Moscow) Visual and auditory types of memory of adolescents having psychic disorders: neuropsychological peculiarities.
3. Pereverzeva D., Gorbachevskaya N. (Moscow) Diagnostic and correction of visual object recognition and visual control of action in 3-7 years old children with autism spectrum disorder.
4. Nagorskaya I., Mikadze Yu., Golovteev A., Grinenko O. (Moscow) Neuropsychological evaluation in paediatric patients with refractory symptomatic temporal lobe epilepsy.
5. Lebedeva I., Barkhatova A., Kaleda V.G, Semenova N., Akhadov T. (Moscow) Dorsolateral prefrontal cortex, the genu of corpus callosum and the information processing at the early stages of schizophrenia.

1 December. Section 5, Meeting 2,

11.30 – 13.30, Room 216.

Moderators: Korsakova N. (Russia), Tkhostov A. (Russia).

Oral presentations:

1. Gorbachevskaya N., Kobzova M., Sorokin A. (Moscow) Correlation of EEG parameters with Schizotypal Personality Questionnaire (SPQ) data in healthy individuals of 19-30 years of age.

2. Balakirev A., Korsakova N., Pluzhnikov I. (Moscow) Social cognitive functions in endogenous mental pathology in young adults.
3. Pervichko E., Ostroumova O. (Moscow) On application of the experimental method in psychosomatics: a study of patients with hypertension at work.
4. Roshchina I., Balashova E. (Moscow) Applied aspects of neuropsychological diagnosis of normal and pathological aging.
5. Pluzhnikov I. (Moscow) The prospects for A.R. Luria's neuropsychology in psychiatry and psychosomatic medicine.

Posters:

1. Azarnyh T. (Voronezh, Russia) Posttraumatic stress's predictors among the formal-dynamic properties of individual.
2. Zagorets T.L., Pervichko E.I. (Moscow) Physician – patient relations as factor of treatment compliancy in patients with somatoform disorders.
3. Pravilnikova A., Pluzhnikov I., Tkhostov A. (Moscow) Subjective semantics of emotions in schizophrenia patients.
4. Sergienko A. (Moscow) Neuropsychological analysis of schizotypal spectrum disorders in a child psychiatry clinic

Section 6. Neuropsychology and neurophysiology

1 December.

14.30-16.30 , Room 216.

Moderators: Chernorizov A. (Russia), Kabardov M.(Russia)

Oral presentations:

1. Petrenko N., Cheremushkin E. (Moscow) Individual peculiarities of recognition of incomplete images: analysis of behavioural, psychological and neurophysiological indicators.
2. Dikiy I. (Rostov-on-Don, Russia) The dynamics of components of Event-related potentials during false responses.
3. Vorobyeva E. (Rostov-on-Don, Russia) EEG spectral power at the performance of verbal operations at persons with different level of achievements motivation.
4. Larionova E. (Moscow) Magnetic resonance spectroscopy in the study of mnemonic activity.
5. Saakyan O. (Rostov-on-Don) Features of brain electrical activity high – and low-creative young men and girls in solving cognitive tasks of different types.
6. Dmitrieva E., Zaitseva K., Orlov A., Gelman V. (St. Petersburg) Psychophysiological features of perceptual learning for recognition of emotional intonation of short pseudowords.
7. Moiseeva V., Slavutskaya M., Shul'govskii V., Fonsova N.A. (Moscow) Asymmetry of saccadic response at presentation of the target and distracting stimuli to the leading and unleading eye.
8. Davydova E., Sorokin A., Davydov D. (Moscow) Neurophysiologic correlates of auditory-verbal memory regulation and control efficiency.

Posters:

1. Pyasik M. (Moscow) Working memory capacity and evoked electrical activity of the brain in stutterers.
2. Sharova E., Boldyreva G., Kornienko V., Shendjapina M., Enikolopova E. (Moscow) Executive functions, interhemispheric asymmetry and variability of EEG and fMRT changes during motor and speech tasks.
3. Yumatov E. (Moscow) Psychophysiological «vacuum» in knowledge of the origin of consciousness.

Round table 2: «Social brain».

1 December.

14.30-16.30, Room 215.

Moderators: *Glozman Zh. (Russia), Kholmogorova A. (Russia), Kravtsova E.E. (Russia), Quintino-Aires J. (Portugal).*

Oral presentations:

1. Krukov P. (Lublin, Poland), Glozman Zh. (Moscow) Social brain.
2. Quintino-Aires J. (Lisbon, Portugal). Reorganization of cortical systems in psychotherapy.
3. Kravtsova E. (Moscow) Cultural-historical approach to the problem of organic and social in human mentality.
4. Rychkova O.V., Kholmogorova A. (Moscow) The concept 'Social Brain' – the pros and cons.

Participants in discussion: Balakirev A. (Moscow), Bratus' B. (Moscow), Kisel'nikov A. (Moscow), Klaudino Narkiso T. (Portugal), Korsakova N. (Moscow), Pluzhnikov I. (Moscow), Stoimirova-Ivanova B. (Bulgaria), Strelkov Yu.. (Moscow), Shljagina E. (Moscow), Shlapnikov V. (Moscow).
